To whom this may concern:

It is with great pleasure to be able to recommend Professional Security Associates, Inc. to your organization.

As Owner of a unique architectural stone company, PSA plays a unique and mind easing role in protecting the historical pieces of carved stone purchased by my clients. Our company on many occasions has had to perform work for very high profile clients where architectural antique stone carved products required first class security. The professional guards and superior level of service at which they performed was premier.

PSA is our exclusive security firm, we wouldn't use anyone else.

Should you require any further information please do not hesitate to call me personally (631)514-1565
